

# The miracle of the tree!

By Anukth Yagyathaman

Hi I am Peter. I love nature.

I found a tree yesterday. It  
is my only friend.

This is the tree. I named  
him his name is Jack!

tree how  
are you  
today?

I am great  
how about  
you?

Jack is very nice we play a  
lot we do lots of fun things  
like me climbing, talking and  
a bunch of other things!

but but then...

it turned fall.

And when I came back  
to play Jack looked different.

Jack  
what  
happend?

I don't  
know

And Jack still looked like  
this for the next couple of  
days.

TREE WHERE  
ARE YOUR  
LEAFS?

I

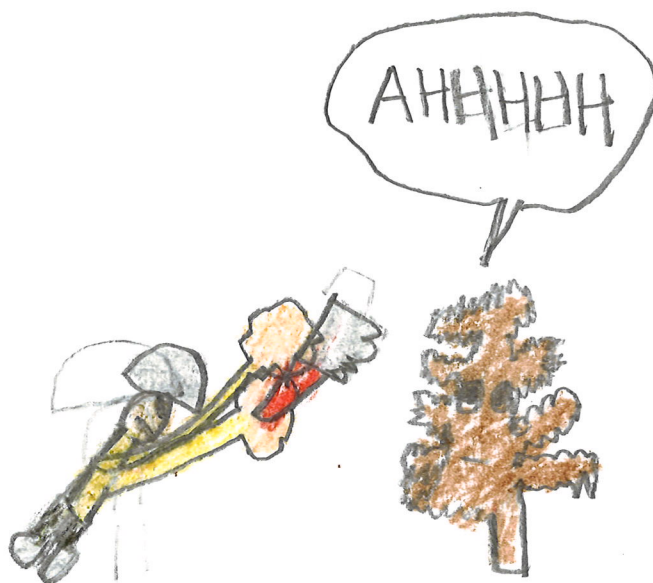

I noticed that he was  
losing leafs. One day I came to  
play but he had no leafs.

A FEW DAYS LATER...

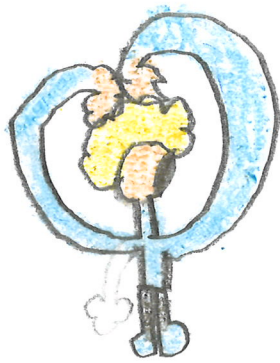

this tree  
looks good.

The next day I couldn't  
find Jack.

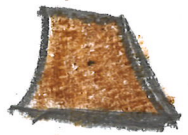

And then I saw a broken  
tree right where Jack used  
to stand.

NOOOOOO

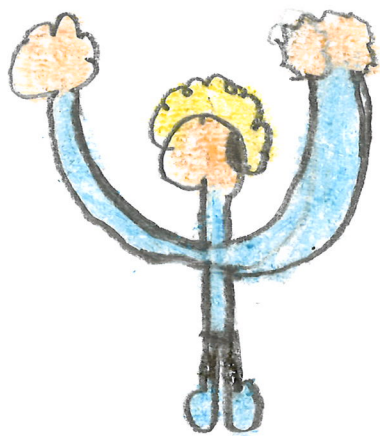

I was so sad I couldn't  
believe my only friend got cut  
down.

A FEW DAYS LATER

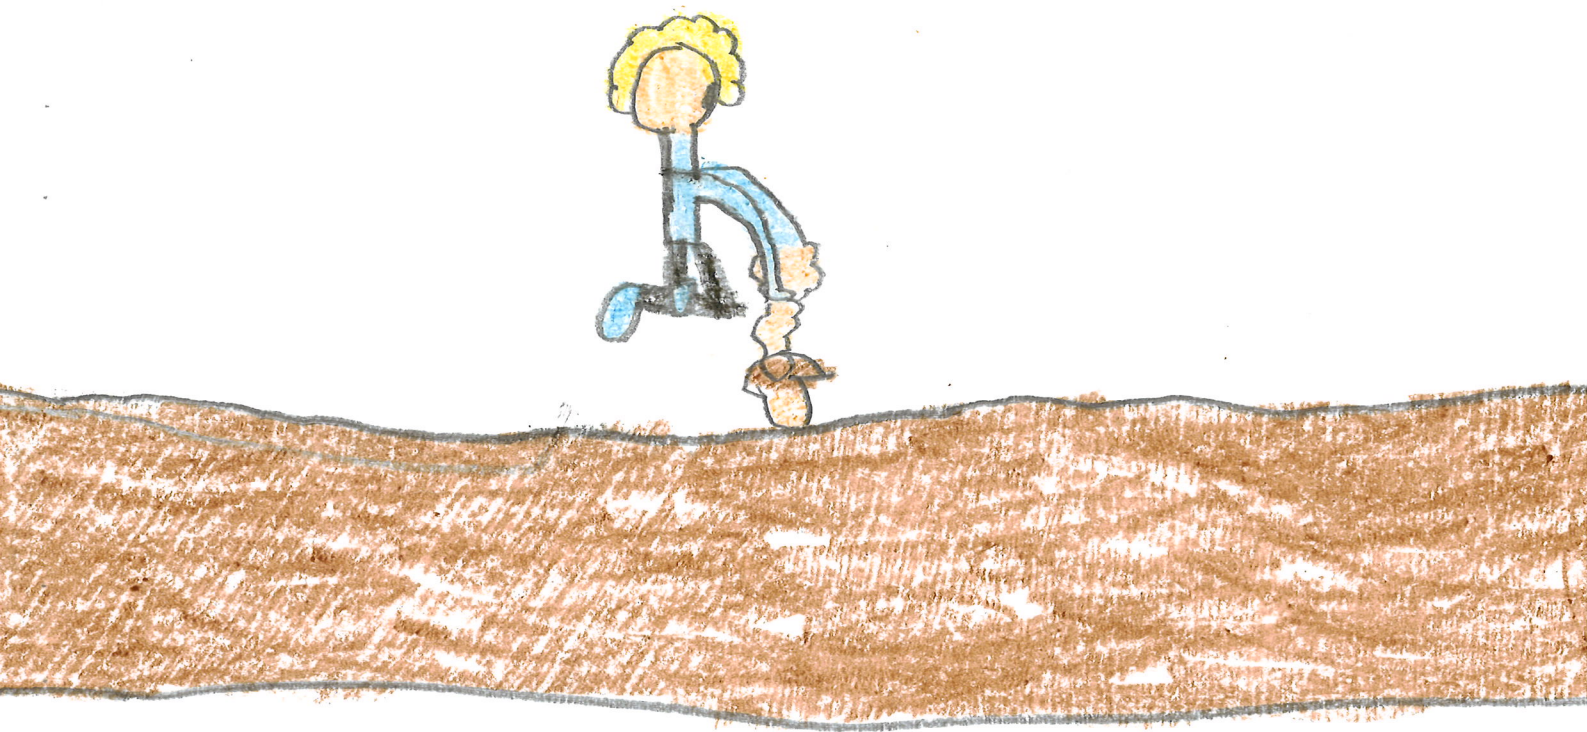

A few days passed by and I  
was still very sad my only  
friend got cut down.

But then a miracle  
happened!

IT WAS A TREE SEED!

Every day I would put it  
in the dirt

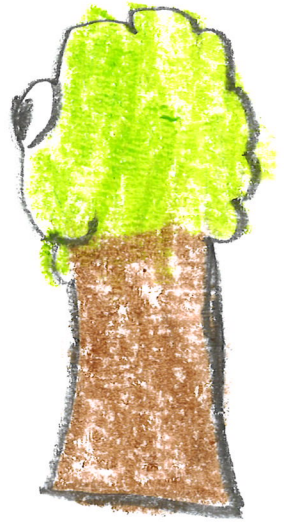

give it sunlight

and give it water!

13 years later of watering  
watering, diving sunlight, and  
putting dirt.

Finally!

Bye bye Jack. Hello John!

Bye  
Peter

I will never  
forget you Jack.

So  
will I.
