

The miracle of the tree part 3!

By Arjunth Yagyaadman

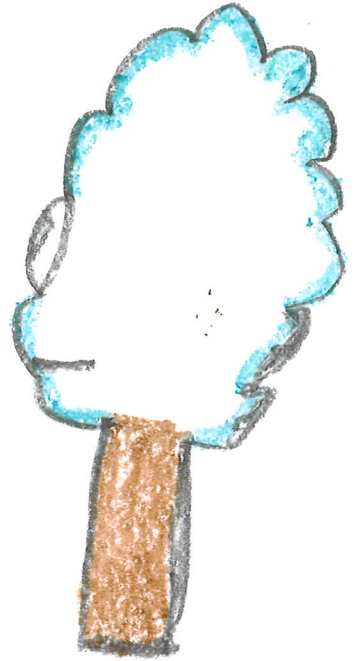

It has been a couple of
months since Jack and
John had become friends.

I was going to my
house.

But when when
I came outside it
was snowing.

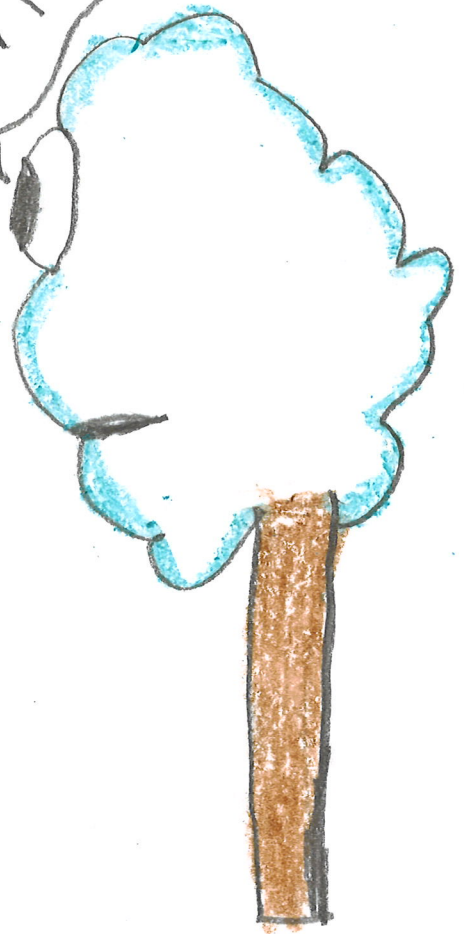

Jack looked WAY
different.

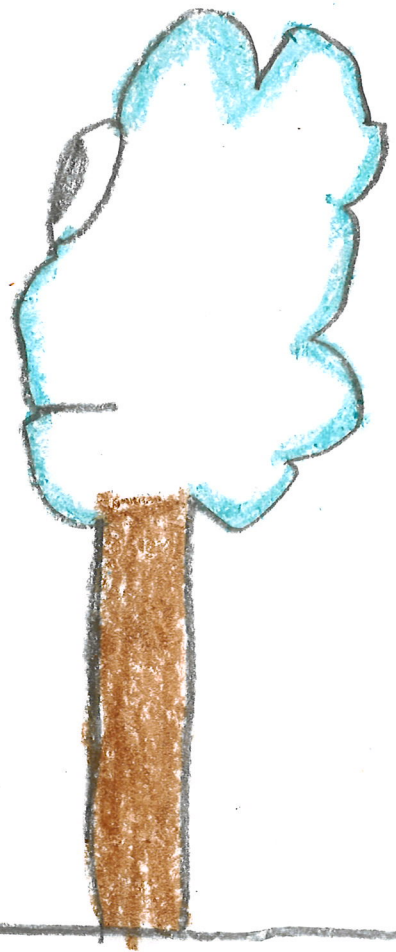

John what
happend

I don't
know

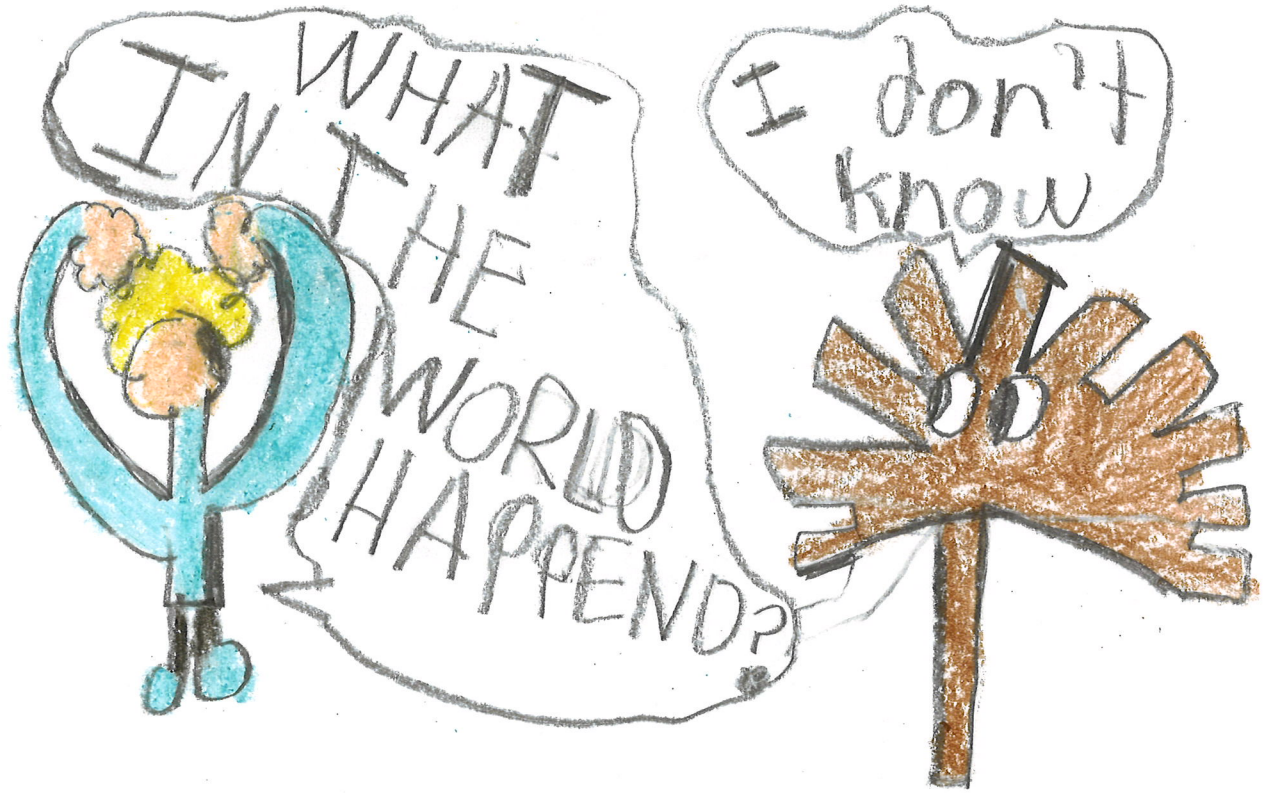

I didn't even know
what to say I didn't
even know trees could
be white.

Why is he white
wasn't he green I
have so much questions

A FEW MONTHS
LATER.

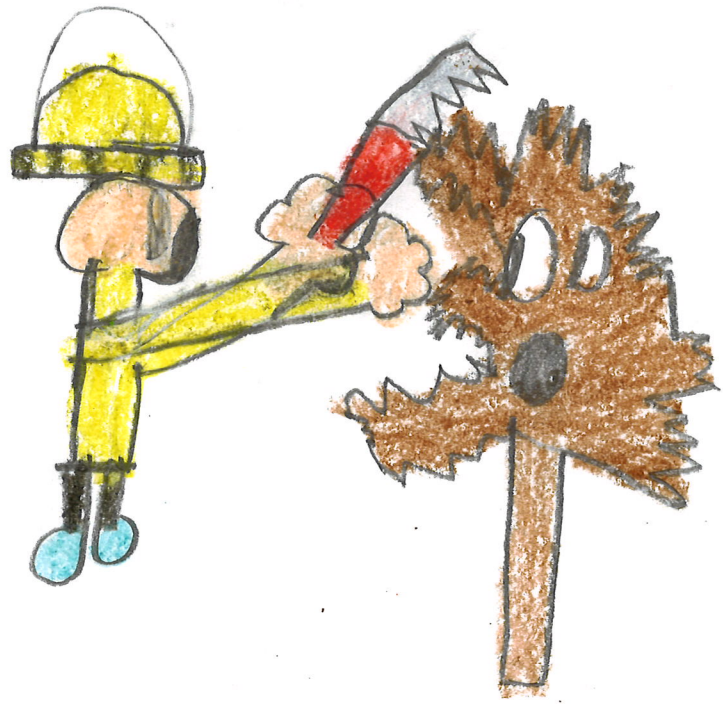

A few months passed and I went
back to John and
HE HAD ZERO LEAVES.

ooo thats
a good tree

Someone was Spying
on us.

He came and did
the same thing
another person did
cut...him...down

WHY CAN
I NEVER GET

A
LASTING
FOREVER
TREE?

And when I come
back he is not there
just like Jack...

But I forgot it's
almost Christmas
I can get a tree
that lasts forever!

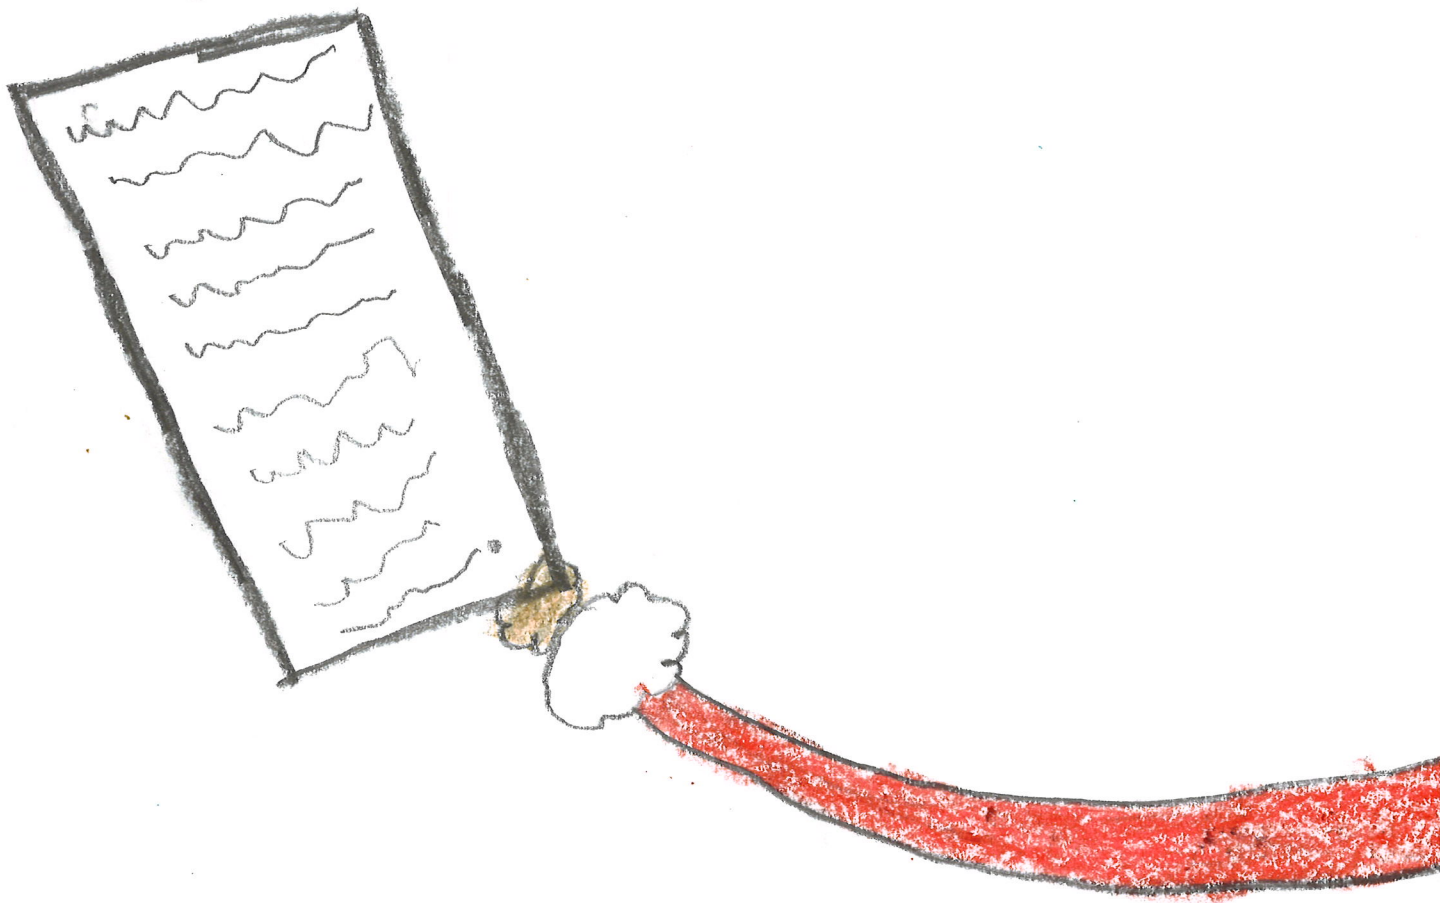

I started writing my
Christmas list!

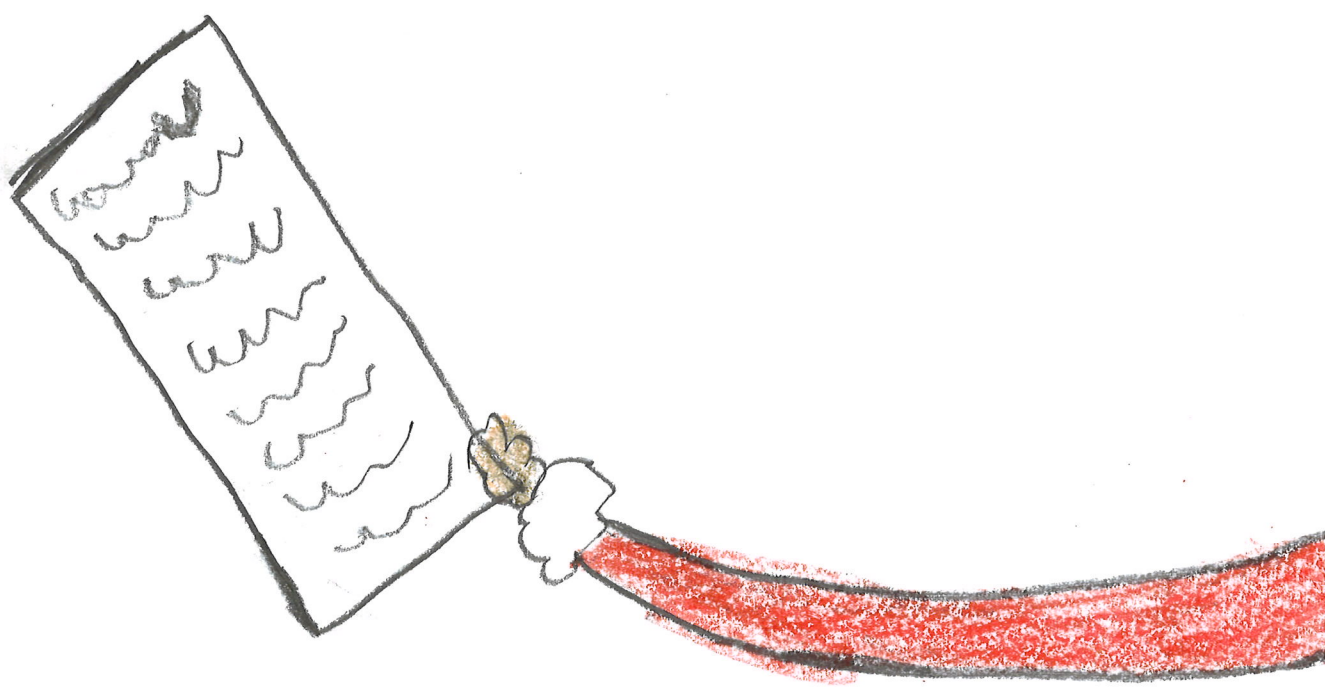

It was finally Christmas
December 24th. I put my
letter under the
Christmas tree!

In the north pole.
Santa Claus said this "the
next person on my list is
Peter"

"let me see what he
wants"

And I said this "dear
Santa 3 to 4 years ago
a tree that was my
friend died then I
made another friend
tree 3 years later
but he also died may
I please get another
friend tree that can never
die. thank you! - from Peter

and Santa said this

"dear Peter I am
so sorry for what
happend. In 1 day
a tree right outside
of your house will
come alive you can
be friends with
that. Love Santa"

1 DAY LATER.

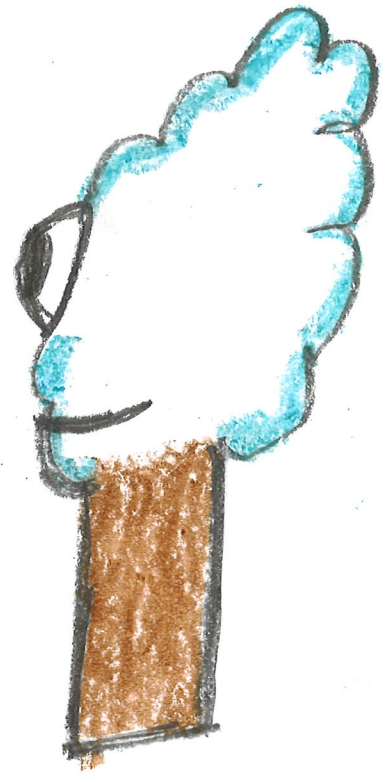

YAY

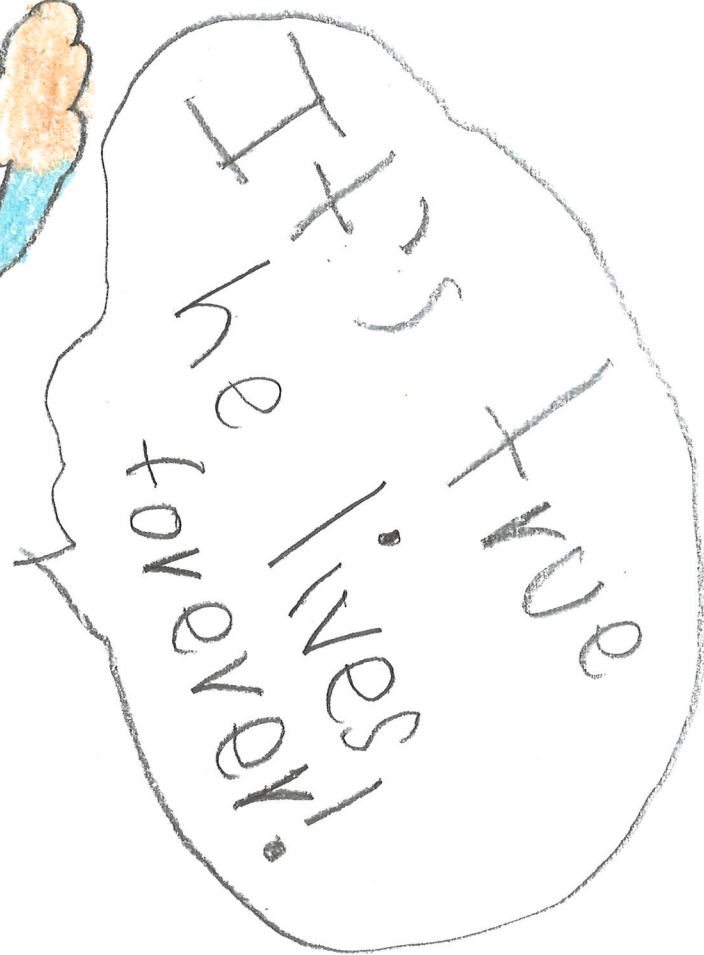

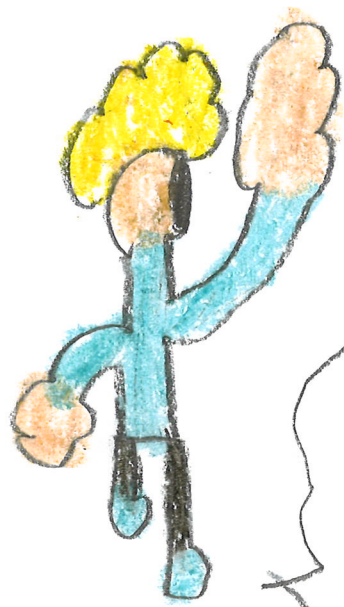

I was wearing
a hat, jacket and
gloves cause it was
cold.

Bye bye Jack and
John hello Chris!
